JOHNSON DENTAL

Welcome to our dental family!

We appreciate the trust you have placed in us, and we will strive to provide the high quality of dental care that you expect.

The focus of our practice is health-centered, preventative dentistry. We enjoy helping people actively participate in their own health care and in controlling the causes of dental disease. Further, we emphasize aesthetic restorative treatment designed for long term beauty, comfort, function and low maintenance.

We are a practice in which team members aspire to be a part of something bigger than themselves in order to make a difference in other people's lives. We take great pride in our ability to provide you with optimal dental care designed for your unique needs and desires.

The first step toward complete oral health is a thorough examination and diagnosis. We want our patients to make informed choices by fully understanding their problems. The doctors will review your dental needs with you at your initial appointment or, if necessary, at a later consultation appointment.

We look forward to working with you and being a part of your health care team!

Sincerely,

Ted Johnson, D.M.D.

We want the handling of your account to be an extension of the professional care we provide you and your family. In order to eliminate surprises and help meet your needs, we are dedicated to offering customized financial plans. Communication is important, and therefore, one of our team members will review with you your treatment, its costs, and payment options prior to reserving an appointment time. This will allow you the ability to select the treatment to be scheduled, as well as your preferred method of payment.
Full payment is due at the time of service.
We accept Cash, Check, Visa, MasterCard, and American Express

INSURANCE

As a courtesy to you, we will file all necessary documents with your insurance company the 1st business day after your appointment if you have provided us with sufficient information of your policy. As part of the financial arrangement process, it is not possible for our office to predict the accuracy of the coverage your insurance company will provide to you. It is your responsibility as the patient, to familiarize yourself with your specific policy. We are an independent provider and we do not guarantee any benefits you will receive from your insurance company. Ultimately, the cost of treatment is your responsibility.
